

# Toddler Lesson Plan

**Activity:** Sand, diggers and spades ( Jack aged 4 yrs )

<b>Week 1</b>	<b>Comments/observations:</b> <i>Jack uses the large diggers pushing them into the sand. Jack says "look going to build a big mountain". Jack then uses the spades to help move the sand into the other diggers.</i>
<b>Week 2</b>	<b>Comments/Observations:</b> <i>Added diggers and small world people. Jack uses the digger in and out of the sand. Jack then places the small play figures into the sand chatting away to himself.</i>
<b>Week 3</b>	<b>Comments/Observations:</b> <i>Jack adds more diggers and cars saying "going to build a road now". Then begins moving the sand to either sides.</i>
<b>Week 4</b>	<b>Comments/Observations:</b> <i>Added more cars and trucks. Jack now removes the diggers from the sand. He now has moved small figures and cars into the sand road he has made.</i>

## Summary:

*Jack has lots of imagination and uses any of the toys in an imaginative way. Jack was obsessed in making a road for his cars and trucks. He made his road by using his diggers to move the sand. Jack really enjoys sand play and next time I will introduce more play figures to help develop his imagination further.*
