

Pre School Lesson Plan

Activity: <i>Water play</i> <i>Alex aged 4 1/2 years</i>	
Week 1	Comments/observations: <i>Add spoons, cups, lids Alex fills the cups and lids using the spoon scooping this into the water. Alex says "Going to make a potion" As he covers the cup with the lid. He begins shaking the cup with the water. Alex laughs as the water goes everywhere.</i>
Week 2	Comments/Observations: <i>Add bottles and bubbles Alex says "there are lots of bubbles" grabbing them. He now begins blowing the bubbles off his hands. Alex then scoops more bubbles into his cup and using the spoon pretends to feed himself. He laughs as the bubbles end up on his nose.</i>
Week 3	Comments/Observations: <i>Add jugs, funnels Alex holds the funnel in the water and starts filling the jug. He then pours the water into the funnel watching as the water drains through.</i>
Week 4	Comments/Observations: <i>Add shells Alex moves the shells in and out of the water looking closely at them. He says "this one is very smooth" and begins filling the jug with the shells.</i>

Summary:

Alex has enjoyed water play and has lots used lots of imagination as he used the equipment in different ways. Alex used lots of language to describe what he was doing and how the shells felt to him.
